

Going mobile

With 58% of American adults now owning a smartphone, accessing key information on mobile devices is becoming a way of life.¹ And now your mobile device can help you track your retirement readiness — anytime, anywhere.

Empower Retirement has launched a mobile Web app that can help put your retirement readiness at the WLS RI \RXU 4QJHUV :LWK \RXU retirement account in the palm of your hand, you'll be able to:

- View your projected retirement income ² (brought to you by Advised Assets Group, LLC, a registered investment adviser).
- Check your account balance and history.
- See your paycheck contribution amount.
- Look at your current rate of return.
- Review the investment options in your portfolio.

There is also a link to the full website on every page of the mobile Web app, so with one tap you can go to the full desktop site to complete transactions.
